

Navigation Plan: Josh Martin

Clash of Clans

My site will consist of a basic homepage with an overview of what Clash of Clans is.

There will be a Main horizontal nav bar at the top of the page where you can click on a main thing in the game. Whether its troops, defenses, strategies and Army Buildings . It will then take you to information about it. The main nav bar will be on each page that you go to. The sub nav bar will be on all pages with specific things that relate to the main subject.

At the top will be a picture link that will be able to get you back to the homepage from each page.
